Driving and Parking with University Parking Permit

The enclosed “F” hangtag permit entitles you to park in most university parking structures for one day. Paid street parking in the area is usually only for two hour increments which is why we have sent you the day permit.

We recommend you park in the university structure nearest Haviland Hall known as “Lower Hearst.” Please arrive there by no later than 9 am to increase your chances of finding an available spot. After 9 am, parking may be severely limited.

The attached hangtag must be displayed with the proper date scratched out.

Some university garages or entrances do not accept an “F” permit. If you park in a lot other than “Lower Hearst,” check the sign posted at the entrance to make sure it is approved for “F” permits (an F enclosed in a circle indicates the permit is valid).

Failure to follow instructions may result in a ticket.

Half a block later, where Hearst and Euclid intersect, turn RIGHT and CROSS HEARST Avenue at the Intersection;
