Please note: _____

You should prepare to take core classes the semester after you are declared. That said, there will be a handful of seats available for transfer students in SOCWEL 110 during the Fall. Those who are eligible and submit the petition before the deadline will be declared on the first day of classes and potentially move from the waitlist into the class. *You will need to put yourself on the waitlist for 110 during your designated enrollment phase.*

Electives: You are not required to list the exact elective course and can simply write “primary elective #1” etc., as sampled above. Both 112 and 116 can be taken over the summer if you wish.
